

MEW/Metamask Tutorial on how to see TND tokens

By TrenditStudios

MyEtherWallet Instructions

Head to: <https://www.myetherwallet.com/> and import your wallet using the options provided- Make sure you are using the correct site!

Once you are in your wallet, you can add a custom token on the right side of your screen.

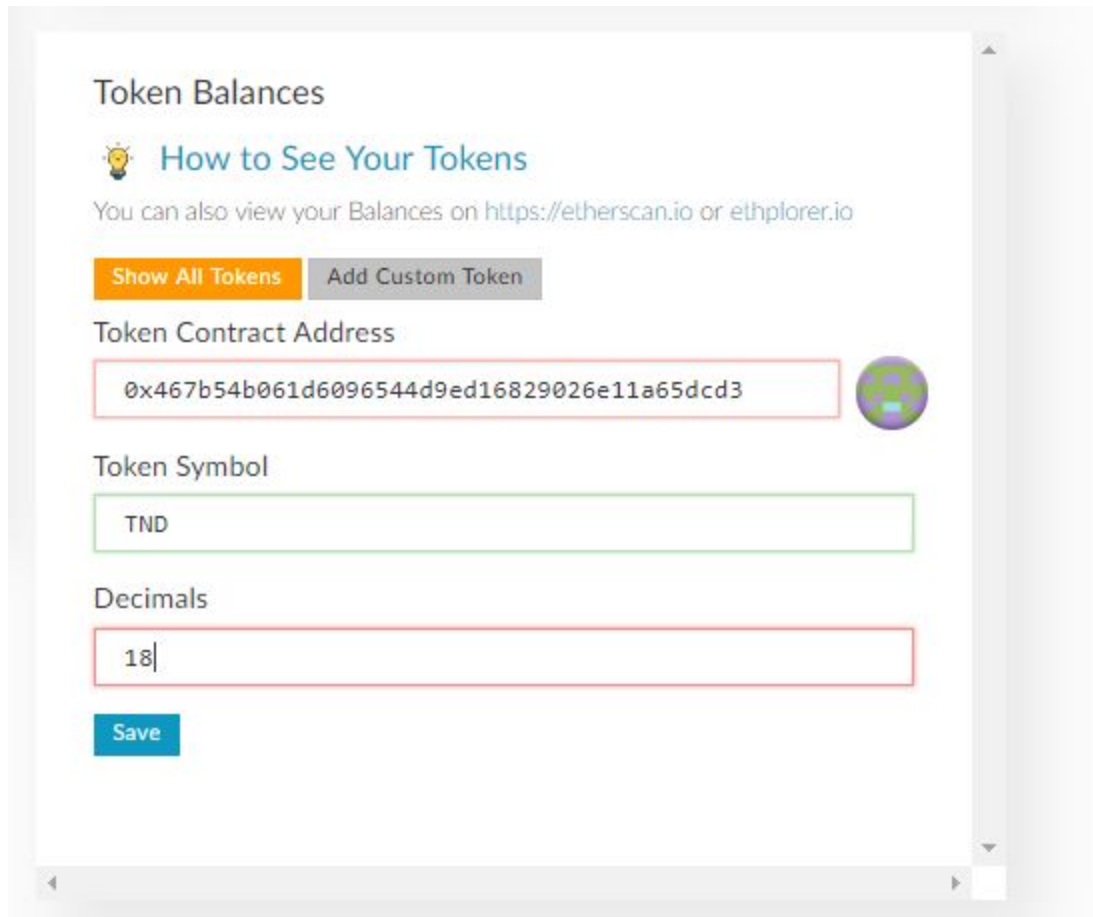

Fill in the following information

Token Address: 0x467b54b061d6096544d9ed16829026e11a65dcd3

Token Symbol: TND

Decimals: 18

This is how your screen should look like:

The screenshot shows a web interface titled "Token Balances". Below the title is a lightbulb icon and the text "How to See Your Tokens". A note states: "You can also view your Balances on <https://etherscan.io> or ethplorer.io". There are two buttons: "Show All Tokens" (orange) and "Add Custom Token" (grey). The "Token Contract Address" field contains the hexadecimal string "0x467b54b061d6096544d9ed16829026e11a65dcd3" and is highlighted with a red border. To its right is a small globe icon. The "Token Symbol" field contains "TND" and is highlighted with a green border. The "Decimals" field contains "18" and is highlighted with a red border. A blue "Save" button is at the bottom left of the form area.
